

## Product Overview

Precision marksmanship is essential for any tactical team, and the Pro-Sniper Lite is the perfect tool for long-range sniper training and dynamic shooting exercises. Developed by Range Systems, this lightweight reactive steel target lifter is built to elevate your shooting accuracy. Its compact design allows for easy transport wherever training takes you.

With an auto-reset feature, you'll spend more time focused on shooting and less on resetting targets. The Pro-Sniper Lite comes equipped with a reactive steel target and a ballistic-rated front barrier, ensuring durability and performance.

## Features and Benefits

- Low-cost, any-distance target
- Portability, so it can be carried by a single person
- Lightweight (40 lbs.)
- 3/8-in. AR500 ballistic steel silhouette target (12-in. W by 18-in H by 3/8-in.)
- Auto-reset. Target resets itself automatically 5 seconds after each hit
- Built-in power supply; no external wire
- Simple operation; once the switch is turned on, the unit instantly becomes operational
- Optional silhouette or lollipop-style targets. Also, other shapes are available upon request

## Technical Specifications

<b>Dimensions</b>	
Base	26" x 6" x 6"
<b>Weight</b>	
Base	40 lbs.
<b>Enviromental</b>	
Temperature	32°F to 140°F (0°C TO 60°C)
Rain	Water resistant, do not submerge
<b>Battery</b>	
Type	Sealed lead acid or optional lithium ion
Capacity	12VDC / 7.5 AH minimum
Standby time	750 hours 1500 hours with optional lithium ion battery
Reset Time	5 seconds
Actuations per Battery Cycle	800 1600 with optional lithium ion
Cycle Life Test	10,500 cycles
Connector (Charging only)	2 pin flat – standard trickle charger connection
<b>Charger (single)</b>	
Type	IC
Input Voltage/Current	120VAC / 0.24 A 240VAC / 0.12 A
Input Voltage/Current	12VDC / 800 mA
Other	10 station charger available upon request
<b>Targets</b>	
AR-500 Silhouette	Single or Double wall water resistant 12" x 22" x 3/8"
AR-500 Lollipop	6" Standard, others upon request
Calibers	Up to .308 cal
<b>Ballistic Protection</b>	
AR-500 Front Plate	Up to .308 cal
